### **JOBETH'S DESK**

**March 11, 2010** - Everybody enjoyed our happy days. I will be uploading pictures from my camera soon.

I arrived in L.A. 4pm (3/08) and went back to work the next day (believe me, I worked 11 hrs yesterday). I even dropped presents to my friend Pam after work and then, drove to see Benny and Jun Inlong in Granada Hills and Northridge with my pj so that I can just go straight to bed when I get home.

I'm happy that we were able to meet once again. I had such a great time.

Would you believe that when Ola and I went to Floridablanca to look for "Pangkudkod Niyog" for Jun we met a long-lost batchmate named **Raul Tolentino** (Section C).

I will call *Gloria de Jesus Mesa* (a batchmate who attended our alumni 2/27) within the next few days. She lives in Virginia beach, Virginia. She told me she is looking forward to join us in another reunion.

Birthday Greetings to **CATHLENE YAPYUCO 3/18** and **CARINA YAPYUCO 3/20**
